#### E. A. Wood Suffers Serious Loss by Fire of Luknown Origin. Georgia. Feb. 26.-12. . Wood's home

and tarm buildings were destroyed by fire between two and three o'clock this morning causing a loss of between \$5.00 and \$6,000, insurance, \$4,000 Mr. and Mrs Wood had attended an entert dinment Georgia Plains last evening and reached ome about 12:30 a. m. About two elelock Mrs. Wood was awakened by the glane flames and aroused her husband who found the corn barn and one side of the borse barn on fire. The corn barn doors were open, a suspicious circumstance, Assistance was summoned by telephone but a strong southeast wind was blowing and corn barms and two cow barns and connery were a scettling mass of flames and a number of turkeys were burned Twenty cows and three horses were that were rescued from the house

#### SMALLPOX WARNING FROM STATE BOARD OF HEALTH.

Brattleboro, Peb. M.-Dr. Henry D. Helton, secretary of the State courd of ealth, has issued the following smallpoxwarning to health officers and physicians of Vermont: "Information from refit ble sources has

seen received at this office that smallpox s provailing to an alarming extent in New Brunswick. While, at this season of the year, travel from that province to the New England States is comparative ly light, careful investigation shows that persons from infected towns in that province have entered Maine via Vancesore. Three came through to Hoston, one developing smallpex and was sent to he smallpex hospital

"Health officers and physicians at all points where trains enter the State along the eastern border should be alert and especially careful in observing all cases of eruptive disease, however mild, to the end that the disease shall not surreptitionally develop in our State. The ame is true on our western border, as ac the present time several towns in New York State have cases of this disease,

'We would call attention again, as we have repeatedly in the just, to the imand the ties Z Z Stanton, Music dur- way can the lessons of patriotism and portance of vaccination, which is the only sure preventative from an attack of
